President Lan Yi-Chen completed a seven-day solo cycling tour around Taiwan under the fundraising initiative of "NT\$10,000 for Every Kilometer Ridden," with a fundraising goal of NT\$12 million. The campaign received enthusiastic support from alumna Ms. Shih-Ning Cheng, fellow alumni, corporate partners, and members of the public, who joined together to support the development of sport industry talent. As the seven-day journey took place during Holy Week, President Lan visited bishops of dioceses across Taiwan along the route, strengthening the University's relationship with the Catholic Church while putting its commitment to University Social Responsibility (USR) into action. The campaign was completed successfully. For your reference, the campaign website is provided below: "Ride of Grace • A Thousand Miles of Love" Charity Fundraising Cycling Campaign

The Virti platform has been implemented in clinical skills courses for third-year medical students, focusing on communication skills such as history taking and patient education through interaction with AI-based virtual patients. The system, supported by a preloaded database, provides instant and standardized assessment of student performance. It also allows repeated interactions with AI avatars, enabling students to develop clinical reasoning across a variety of simulated clinical scenarios. Please see the attachment for details. In addition, we also purchase Meta Quest 3 VR headsets that had been used in anatomy education to help students understand the three-dimensional spatial relationships of human anatomy through virtual reality environments. We anticipate that their application in clinical medical skills training will further enhance the teaching and training standards of Fu Jen Catholic University School of Medicine.
